VISUALIZATION

Vega-Lite Assignment

Visualizing Tables using Vega-Lite

- Load the HW data.

- Create a Bar Graph showing Rep vs Total. Sort the data by Total.

- Create a Pie Chart showing Item and Units.

- Create a view showing the correlation between Units and Unit Cost. Color by Item.

- Create a line graph showing how the Total varied over time.

- Create a Histogram of the Units. Add an overlay of the global mean.

- Concatenate all the 5 views in a Multiview.

- Submit the URL of the visualization.

- Due: October 31st.

- Marks: 10
